

Subscription Deal – European Cigar Cult Journal

11th July, 2006

Dear cigar friends,

European Cigar Cult Journal is offering a bulk subscription deal to members of the Australian cigar industry. Published bilingually in German and English, European Cigar Cult Journal has been the leading cigar and pipe magazine in Europe since 1994, with an increasing international profile.

A one year subscription (4 issues) is being offered:

- A one year subscription of 10 magazines per issue (40 magazines in total) for Euro €293.68 (€7.34 per copy).
This is approximately AUD \$502 or AUD \$12.50 per copy (at 11/7/2006).

or

- A one year subscription of 20 magazines per issue (80 Magazines in total) for Euro €518.88 (€6.49 per copy).
This is approximately AUD \$884 or AUD \$11 per copy (at 11/7/2006).

These prices include all shipping and handling. Normally, a year's overseas subscription for one magazine is €43.60. This represents a huge savings and is very competitive with the price of other international cigar magazines available in Australia.

To take up this offer, or to enquire further, please do not hesitate to contact me. I look forward to hearing from you in the near future.

Yours sincerely,

Samuel Spurr
